

WINGBACK LOUNGE

The companion wingback chair features an adjustable lumbar / headrest pillow which can be positioned for individual taste using a simple sliding motion. It can be easily untethered for maintenance. While the increased height serves to give added back support and comfort, the generously sized wings offer an enhanced sense of personal privacy.

LOUNGE | BENCHES | OTTOMANS

Although soft, comfortable and well-tailored, Revival lounge is engineered with features that add value and serviceability for the most demanding interiors. Any surface where the cushioning may be exposed to moisture is encapsulated with an antimicrobial barrier to prevent contamination and to improve hygiene. All Revival models are engineered to accept weights up to 1,000 lbs.

Available as two and three place units, Revival benches offer the same seat comfort and sustainability features as the lounge seating. Options include aluminum metal legs and 24" height arms.

WALLSAVER RECLINERS

Facelift Revival offers two wallsaver recliner models, including our new Infusion Wallsaver Recliner and our standard version. With healthcare environments shrinking, the ability to place our recliners in very close proximity to the wall can save valuable floor space. The robust recline release lever is conveniently located on the inside of the arm to relieve issues of breakage and snagging tubes and cables. Both models can be optioned with electric recline, or heat and massage.

SLEEPOVER | BACK-FLIP SOFA

Designed for interiors where space is limited, the Sleepover requires zero wall clearance allowing it to be placed flush against the wall. The supremely simple and elegant Sleepover lounge seating pays meticulous attention to detail and quality construction. Offering generous comfortable support in every position, the Sleepover easily glides from being fully upright into a completely flat full length sleep surface.

Our sensible Sleepover Back-Flip Sofa is both beautiful and functional. Just fold down the back cushion and it transforms into a generous sleeping surface. Both models feature an antimicrobial moisture barrier and Velcro attached removable covers.
