**Lena** is a full grain leather with even coloration throughout the entire hide. Superior selection of European and New Zealand cattle hides are hand selected for Lena. These hides are recognized industry wide for their clean surfaces and excellent cutting yields. Luxurious soft hand and smooth supple surface make this one of the most beautiful leathers available. The protective finish allows Lena to be suitable for most public and private environments.

**Lena Leather Technical and Performance Specifications:**

Content	100% Natural Full Grain Leather (European or New Zealand)
Average Hide Size	55 sq. ft.
Finish	Semi-aniline dyed
Weight	2½- 2¾ oz. per sq.ft.
Thickness	0.90-1.00 mm
Abrasion Resistance	CS10 Wheel Taber Test, 1000 cycles with 500 gram weight
Color Fastness to Light	IUF 402 / UNI EN ISO 105-B02: 5 Blue Scale
Dry Crocking	IUF 450 / UNI EN ISO 11640: ≥ 4 Grey Scale
Wet Crocking	IUF 450 / UNI EN ISO 11640: ≥ 4 Grey Scale
Flame Resistance	UFAC 1. California TB 117-2013

**Vulcano** combines distressed leather aesthetics with the durability of modern tanning. Hand selected European and New Zealand hides are aniline dyed with a classic marbled crackle effect. A protective non-scratch finish allows use in high traffic areas and makes Vulcano suitable for public and private environments.

**Vulcano Leather Technical and Performance Specifications:**

Content	100% Natural Top Grain Leather (European or New Zealand)
Average Hide Size	48 sq. ft.
Finish	Semi-aniline dyed
Thickness	0.90-1.00 mm
Color Fastness to Light	IUF 402 / UNI EN ISO 105-B02: 5 Blue Scale
Dry Crocking	IUF 450 / UNI EN ISO 11640: ≥ 4 Grey Scale
Wet Crocking	IUF 450 / UNI EN ISO 11640: ≥ 4 Grey Scale
Flame Resistance	UFAC 1. California TB 117-2013, NFPA 260

**Lena/Vulcano** leathers are processed using low emission mineral tanning formulas which are environmentally friendly. The hides are retanned in aged oak drums using vegetable agents, natural fat liquors and oils along with dyes that ensure the leather is properly through dyed. Complies with the strict regulations of the EU Environmental Normative CE2000/53. Waterbased finishes are applied to provide an even coloration and protection to the leather.

**Lena/Vulcano Leather Care and Cleaning Recommendations:**

Genuine leather requires the least care of all upholstery materials; dusting with a clean dry cloth is the recommended cleaning method. For spots and spills, wipe excess liquid immediately and let air dry. If necessary, use luke warm water and mild non-detergent soap, work into a thin lather with a soft cloth, rinse with clean water and buff to restore lustre.
