The upholstery of the arm, seat, back, outside back, and the entirety of the frame components can be replaced and serviced. A separately applied antimicrobial moisture barrier protects all cushioning from contamination. With minimal effort and without upholstering skills, traditional cleaning services can perform all the necessary maintenance.

Tables

A broad selection of surface choices and table sizes are available, each crafted with the finest hardwood maple and veneers. Tables are engineered with solid hardwood maple edges that underlay the top's surface to prevent any possible migration of liquids and delamination. Standard top selections include veneer, high pressure laminate, and natural or synthetic stone.
