Facelift Serpentine

Unmatched in the industry, Facelift Serpentine redefines this genre of open-plan seating. When equipped with the models shown above, designs of unlimited configurations are not only possible, but can be easily installed and maintained.

Traditional cleaning services without upholstery skills can replace all of the upholstery covers, including the arm, seat, back, outside back, and the entirety of the frame components when necessary. Made in the U.S.A. with a Lifetime Warranty.

Lounge chair with exposed wood arm caps and wood legs.

Lounge chair with urethane capped task arm, swivel tablet arm, and locking casters.

1571-1-1 Lounge Chair
1573-1-1 Three Place Sofa
153030 Straight Table

1572-1-0 Two Place Sofa
153030 Straight Table
1573 Three Place Sofa
15180DG16 Half-Round Table

Serpentine individual units arrive set-up and are easily joined together without having to access the underside of the seating units. Simply remove the seats, strap them together and replace the seats.

An ingenious Velcro strap connector joins the straight and wedge components, allowing easy installation, or reconfiguration when necessary. This ganging process is performed without the use of any tools.

As an additional plus, all of the upholstery covers can be replaced without disassembling the frame components during remodeling or refurbishing.

Seating units can be factory configured as arm chairs, and two or three place sofas.

Serpentine is a unique renewable seating and table alternative to existing healthcare and high traffic interior applications. Part of our Facelift Collection, Serpentine consists of individual lounge chairs / sofas, straight and wedge lounge component seating, benches, and tables. A variety of upholstered, wood, urethane and tablet arms are integrated into this extremely flexible seating collection.
