Inspired by Le Corbusier's Villa Savoye located just outside of Paris, France, the Savoye Collection embodies many of those same modern architectural characteristics. The design portrays a delicate floating body supported by an almost vanishing base. Both lounge & table units consist of simplified, clean forms scaled and proportioned to give a light, very spatial and minimalistic aesthetic. Savoye compliments almost any interior whether adjacent to walls, or floating in the space. Proudly made in America with a 10 Year Warranty and certified: BIFMA Level Sustainability Standard.
