Facelift Family

Our Facelift family of products feature upholstery that attaches with Velcro - simply peel off and replace anytime! No tools are needed. A special antimicrobial moisture barrier fully encapsulates the seat, back, and arms, keeping your furniture well-protected. Facelift furniture is made with a strong hybrid frame of steel and plywood that supports up to 1,000 pounds. All components can be replaced easily on-site, including upholstery covers, seat and back cushions, legs and frame components, and seat suspension. All Facelift products come with a lifetime warranty and are proudly made in the U.S.A.
